

METALON WINS EXCELLENCE AWARD

Metalon was given the Environmental Excellence Award from the Greater Dufferin Chamber of Commerce. Owned by Caledon resident John Gilbert, the facility is located on the north side of Highway 9 in Dufferin. Peter Quinlan, president of the GDACC and Gail Campbell, Orangeville councillor, present Gilbert with the award. Metalon is very proud to receive this award since it reflects their commitment to protect the environment. Most important, Gilbert said, is the support of his customers and they too can be proud knowing they are dealing with a responsible company.

Libraries closed for staff training and development

Thursday, June 15 and Friday, June 16, the Caledon Public Library will be hosting their third annual staff training and development forum. The Caledon East library will be open from 9 a.m. to 3 p.m. June 15. All other libraries will be closed both days. All drop boxes will be open and no overdue fines will be levied on these days.

The focus of the two-day program will be providing a learning environment for staff that supports their needs and encourages them to develop professionally.

"This is another way the Caledon Public Library is working to strengthen the organization and effectiveness of library staff," said CEO Bill Manson. "With seven branches located throughout Caledon, it is rare that staff from all locations are able to come together to learn, plan and share new ideas."

Peel's internal audit division earns certificate

Fred Chorley, executive director of Victim Services of Peel (VSOP) presented Peel Region's internal audit division, represented by treasurer and commissioner of finance, Dan Labrecque; director of internal audit, Beate Wilson; senior auditor, Frank Medeiros; senior auditor, Michelle Morris and manager, internal audit, Joan Appleton, a certificate of appreciation for their recent audit work.

In 2005, at the request of Susan Davidson, chair of VSOP, Emil Kolb, Regional Chair and Mike Metcalfe, then Peel Regional Police Deputy Chief, the Region's internal audit division conducted a review of the financial controls and practices at VSOP. The primary objective of the review was to seek out and recommend improvements to VSOP's financial policies and procedures and implement new best practices.

"As a result of our partnership, VSOP has implemented effective changes to their financial and administrative processes that have enhanced the efficiency of their service," said councillor Nancy Stewart, chair of the audit sub-committee. "We were pleased to make available the expertise of the Region's audit staff."

Victim Services of Peel is a non-profit group founded through collaborative efforts of the Peel Regional Police, Peel Social Services department and the Ministry of Community and Social Services. VSOP is mandated

to provide immediate crisis intervention and other related services to persons victimized by crime or tragic circumstance. Visit www.vspeel.org for more information.
