709 IN MEMORIAM

GLASSFORD, Reta

In loving memory of our wonderful Mom who passed away May 20, 2005.

*Our lives go on without you
But nothing is the same
We have to hide
our heartache when
Someone speaks your name.
Sad are the hearts that love
you,
Silent, are the tears that fall
Living our lives without you
Is the hardest part of all.
The special years will not return
When we were all together
But with the love within our
hearts
You will walk with us forever.
Terribly missed by the family
who
Love you and who you loved.*

Bill, Linda, Dianne, Sharon, Kevin, Kent, Lisa, Judy & Mark

709 IN MEMORIAM

GLASSFORD, Reta

In loving memory of our special Nan & Grandma who passed away May 20, 2005.

*When links of life are broken
And Loved ones have to part,
It leaves a wound that never
heals
And an ever aching heart.
When our family gets together
There's one we do not see,
It fills our hearts with sadness
Thinking of how it used to be.
We talk about the old times
And though we smile the same,
It hurts deep inside us
When someone speaks your
name.
So all we have are memories
From which we'll never part.*

Forever loved
and terribly missed by
All the Grandchildren and
Great-Grandchildren.

MacMASTER, Peter

February 4, 1970 - May 18, 2005.

*You can shed tears
that he is gone
Or you can smile
because he has lived.
You can close your eyes
and wish that he'd come back
Or you can open your eyes
and see all that he had left.
Your heart can be empty
because you can't see him
Or your heart can be full
of the love you shared.
You can turn your back
on tomorrow and live yesterday
Or you can be happy for tomorrow
because of yesterday.
You can remember him and
only that he is gone
Or you can cherish his memory
and let it live on.
You can cry and close your
mind, be empty and turn your
back
Or you can do what he'd want-
ed, smile open your eyes,
love and go on.
To the memory of a very special
man Peter McMaster who is
missed every day by his family
and friends. Your memory will
live on in our minds and hearts,
not a day goes by that we do not
think about you. Your children
Benjamin, Ashley and Alexandra
will know what a great Dad you
were and how much you loved
them.*

Love
Paul, Rosa, Alison, Chrystina
and Daniel Palmieri

MASON, Taylor Stewart

April 8, 1983-May 20, 2001
*When something terrible hap-
pens you really do feel like
you're never going to be the
same again. You feel like every
day of your life from now on will
have about the same dull grey-
ness. Sometimes you feel like
you'll never smile again. Then, of
course the day arrives when the
anger and bitterness are not as
intense as they were the day
before. You begin to feel...okay.
Not great, not good, but not bad
either. You can laugh without
feeling guilty. You can smile with-
out wanting to cry.*

Missing you and always loving
you.
Mum & Katie

Renewal of the NORAD Agreement

The North American Aerospace Defence Command (NORAD) is a bi-national military organization established in 1958 by Canada and the United States. NORAD monitors and tracks man-made objects in space and detects, validates and warns of attacks against North America by aircraft, missiles or space vehicles (e.g. satellites and space debris).

Parliament and I have voted to renew the NORAD agreement to incorporate a maritime warning function to help protect Canadians and Americans more thoroughly. The renewal of the NORAD Agreement is about protecting North America from any future attacks and I would like to take this opportunity to discuss the agreement in more detail.

Since the attacks of September 11, 2001 NORAD's relevance in today's security environment has been underscored. Since the attacks NORAD has adapted to new and emerging threats in order to better

protect North America.

Adding a maritime warning function to the aerospace warning mission will give NORAD a more complete picture of the approaches to - and internal waterways of - North America, and an enhanced capacity to warn both governments about real or possible threats to our continent. The decision to expand NORAD's mission reflects our ongoing recognition of NORAD's importance and the need to ensure that it remains flexible and capable of responding to evolving threats in a new security environment.

The renewal of the NORAD agreement benefits both Canadians and Americans. It enhances Canada's ability to assert sovereignty over Canadian territory and gives Canada an important voice in decisions pertaining to the defence of North America. The decision to renew the NORAD agreement on a permanent basis, subject to review at least every four years, demonstrates a long-term commitment by both Canada and the U.S. to the joint defence of North America.
