

Moving ahead in Caledon with community projects

> From front page

Community, recreation and parks

The Parks and Recreation Master Plan was completed in 2004. The master plan for the development of the Town Hall lands was completed in 2005. The new Margaret Dunn Library and community room was completed and opened this year. The Caledon Trailway bridge over Highway 10 will be completed this fall, providing safe crossing of all the permissive trail uses including equestrian uses.

Roads and sidewalks

The eastern route of the Bolton arterial roads (Albion Vaughan Road, Caledon-King Town Line South, Nunnville Road and Old King Road) was entirely completed by 2005. Construction of the four-lane western route along Coleraine Drive from Mayfield to King Street is scheduled for 2007. From 2004 to 2006 there have been \$11.7 million of capital road improvements that included road surface rehabilitation, hard surfacing

of gravel roads, reconstruction of roadways, ditching and drainage improvements, plus \$400,000 of ditching and draining improvements through the operating budget. An annual budget has been set up to address traffic calming. In 2004, an assessment was done of the 100 kilometres of sidewalk in Caledon's inventory and in 2005 a budget of \$150,000 was established to address all the high priority deficiencies.

Settlement areas

The Town has supported beautification programs in Bolton, Valleywood and Alton since 2004.

Recruitment of business and industry

Caledon's first communication vehicle, Community Profile, was

published in the summer of 2005 and was aimed at the business and investment community.

The development of an economic development strategy or business plan has started and is 50 per cent complete. The Town's updated Web site www.caledon.ca went live in July 2005.

Community interests

Since 2003, more than \$300,000 has been spent on roadside signage. Special pavement markings (SLOW, ROAD WATCH) have been placed at strategic locations. Town accessibility initiatives include a new elevator at the Caledon Community Complex scheduled for 2006-07, new grade level community rooms in Cheltenham and Valleywood, a new entry to Lloyd Wilson Centennial Arena in Inglewood, improved washrooms at the

Victoria Parks Community Centre in Mono Mills and improved entry access to the Mayfield Recreation Complex.

Governance

The Town produced its first Progress Report in the fall of 2005 which consolidated the audited financial statements, the municipal performance

measurement program and the Caledon Community Work Plan. The new comprehensive zoning bylaw was adopted by council in April 2006. The new development charges bylaws were adopted by council in August 2004. The Caledon transportation needs study was completed in September 2004.

BBQ at Union Presbyterian

Union Presbyterian Church is hosting its annual pork BBQ and silent auction, Saturday, Sept. 30. It will be held at Alloa Public School on Mayfield Road (between Mississauga and Creditview Roads) from 5:30 to 7:30 p.m. Tickets are \$12 for adults, \$7 for children 12 and under. Refreshments included. For information or tickets call Jackie at 905-877-8466.

Fire destroys local house

Caledon Fire and Emergency Services reports a major house fire Sunday afternoon destroyed a home north of Bolton.

Sunday, Sept. 24 at approximately 5:48 p.m., Caledon Fire & Emergency Services was dispatched to a house fire at 7 Golfdale Crt. Upon arrival, firefighters found a working fire in a garage at the north end of the house. Additional assistance was requested.

Fire fighters completed a primary search of the residence prior to the fire extending throughout the entire attic. The roof assembly failed and collapsed into the house shortly after the search was completed. The homeowner was away at the time of the fire. There were no injuries sustained during fire operations.

The cause of the fire is under investigation. Damage is estimated at \$ 350,000.

On scene were fire crews from Palgrave, Caledon East, Bolton, Valleywood and Mono Mills fire stations, Caledon OPP, Peel Region EMS.

Class Environmental Assessment Notice of Study Completion

Ellwood Drive W., from Coleraine Drive to Queen Street Traffic Calming Study

The Town of Caledon has undertaken a Class Environmental Assessment Study on Ellwood Drive West from Coleraine Drive to Queen Street in Bolton. Following a detailed examination of the traffic issues, and consideration of public input on the problems and potential solutions, the Study recommends the installation of strategically located speed humps with the associated signage and pavement markings along both Ellwood Drive West (between Queen Street and Station Road) and Old Ellwood Drive (between Station Road and Coleraine Drive).

The above project is being planned under **Schedule B of the Municipal Class Environmental Assessment** (Municipal Engineers Association, June 2000). Subject to comments received as a result of this Notice and receipt of necessary approvals, the Town of Caledon intends to proceed with the detailed design and construction of this project.

The project file (study report and appendices) is available for review commencing **September 20, 2006 and ending October 20, 2006** at the following locations during normal business hours:

Department of Public Works and Engineering
Town Hall, 6311 Old Church Road
Caledon, ON., L7C 1J6
Tel: (905) 584-2272
Fax: (905) 584-4325

The Town of Caledon Public Library,
Albion-Bolton Community Centre Branch
150 Queen Street South
Bolton, Ontario L7E 1E3
Tel: (905) 857-1400
Fax: (905) 857- 8280

Mon-Fri: 9:00 a.m. — 4:30 p.m.

Tuesday-Thursday: 10:00 a.m. — 8:30 p.m.
Friday: 10:00 a.m. — 5 p.m.
Saturday: 10:00 a.m. — 4 p.m.

Interested persons should provide written comments to the Town of Caledon within 30 calendar days commencing **September 20, 2006**. Comments should be directed to Mr Craig Campbell, Director of Public Works and Engineering at the address below.

If concerns arise regarding this project which cannot be resolved in discussion with the municipality, a person or party may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses individual environmental assessments. Requests must be received by the Ministry at the address below within 30 calendar days commencing **September 20, 2006**. A copy of the request must also be sent to Mr. Campbell at the Town's Public Works and Engineering Department. If there are no requests received by **October 20, 2006**, the study will proceed to design and construction as presented in the planning documentation.

It's about you and your health! Tell us what you think

The **Central West Local Health Integration Network** is responsible for planning health services in our region. In the spring and summer we heard from members of the public and health service providers about their issues and priorities.

Now we're moving to the next phase of meeting with the public to make sure our initial health services plan reflects what the community is saying. Come out and let us know what you think.
