REPAIR ON PREMISES

Many charges laid from seat belt campaign

Caledon OPP officers responded to 22 property damage and five personal injury collisions during the week of April 16-22.

High Miler of the Week

Monday, April 16, at about 12:22 p.m., Caledon OPP officer Bernier observed a motor vehicle travelling at an extreme high rate of speed on Highway 10 near Charleston Sideroad. Christopher Boussoulas, 21,

of Caledon was charged with Speeding-134 km/h in an 80-km/h posted zone. Court date for the 54-kilometre over charge is set for May 24.

Wednesday, April 18, police following up on a complaint of a vehicle driving erratically, conducted a vehicle stop on Mississauga Road near Olde Base Line Road. The driver, 52-year-old Ludwik Kolodziej of Caledon was charged with

OPP Report 1-888-310-1122

Drive Disqualified and his vehicle was seized under the Vehicle Impoundment Program. He was held for a bail hearing April 19.

Spring Seat Belt Campaign

Caledon officers continued their efforts to raise awareness of the importance of wearing seat belts as well as proper use of child restraints in vehicles during the spring campaign, which wrapped up April 30.

During the first week of the campaign, Caledon officers have laid more than 250 seat belt related charges and two charges regarding child seat offences.

The Highway Traffic Act states that infants under the weight of 9 kg (20 lbs.) must be secured in a rear-facing infant seat, toddlers between the weights of 9 to 18 kg (20 to 40 lbs.) shall be secured in a forward-facing car seat and children between the 18 kg and 36 kg (40-80 lbs.) with a standing height less than 145 cm (4'9") or under the age of eight years shall be seated in a booster seat.

Child Car Seat Tips

Keep children away from all active air bags. Children younger than 13 years are safest in the back seat.

Kneel on the child car seat to push it in to the vehicle seat, tighten and fasten the seat belt to secure the child seat.

Make sure all harness straps are tight when securing the child into the car seat. Only one finger should fit between the harness strap

and the child's collarbone. Check the harness strap each and every time you place the child in the seat.

Never use a car seat that has been in a motor vehicle collision or a seat, which is more than 10 years old or older than the manufacturer's expiry date.
