ZAGANELLA'S CUTS THE RIBBON

Mayor Marolyn Morrison, Councillors Annette Groves, Jason Payne and Richard Whitehead, joined owners Mario Cervoni and Val Bulloch to cut the ribbon for Bolton's Zaganella's restaurant. It features Mediterranean cuisine, a gelateria, catering and licenced patio for 80. The restaurant will soon host regular patio BBQs. They're located in the McDonald's plaza.

Transit plan includes Bolton GO train

Premier Dalton McGuinty and Brampton Centre MPP Linda Jeffrey announced MoveOntario 2020, a bold new rapid transit plan that will create more jobs in Brampton and across the GTA.

"This is exciting news for Brampton residents," said MPP Jeffrey. "These transit investments will ultimately make a significant difference in the lives of people who live and work in our community. This is an ambitious plan with realistic targets which complement ongoing investments made by this government in projects like the 2nd and 3rd phases of the 410 Highway."

"This rapid transit plan will benefit Brampton and the whole GTA where we

have an urgent need as one of the fastest growing regions in North America," said McGuinty. "We want Brampton residents spending less time commuting, and businesses getting their goods to market on time, to keep Ontario's economy strong."

Under the new rapid transit plan, Brampton would see five transit projects including:

- * Light rail transit along Hurontario Street from Brampton to Lakeshore Road.

- * Acceleride rapid transit along Queen Street from Main Street to Highway 50.

- * GO rail expansion on the Georgetown and Milton lines and a new Bolton line.

The province is contributing up to \$11.5 billion

and is calling on the federal government to cover at least one third of the costs, expected to be \$6 billion. The province will cover the balance of the capital costs and the province and municipalities will continue to share operating costs through the provincial gas tax program. The Greater Toronto Transportation Authority has been asked to report back with an implementation plan for these projects by early 2008.

MoveOntario 2020, a \$17.5 billion rapid transit plan, is the largest transit investment in Canadian history. By 2015, two-thirds of the construction for MoveOntario 2020 will be completed, with full completion of the plan in 2020.

Garden Foods rezoning passed

A rezoning application by Garden Foods in Bolton to expand its grocery store was recently approved by Caledon council.

Garden Foods owns two abutting lots at 501 and 511 Queen St. S. The lot at 501 Queen St. S. includes a 18,811-square-foot grocery store with accessory offices. The lot at 511 Queen St. S. was the former site of the Kentucky Fried Chicken. The building there will be demolished.

Garden Foods proposed to rezone both lots to permit a 6,124-square-foot expansion to the existing grocery store. The two lots will be merged on title to become one lot.

Town planners commented the rezoning to permit the expansion conforms to the Caledon Official Plan.
