

# Peel, TRCA and Toronto secure land to protect Humber, hatchery

The Region of Peel is contributing \$142,600 towards half the funding to purchase the 4.92-acre Boyer Property, adjacent to the Glen Haffy Conservation Area. The Boyer Property contains important springs feeding into rearing ponds in the Glen Haffy fish hatchery.

The other half of the funding will be provided by the City of Toronto under its Source Water Protection Acquisition Program through Toronto and Region Conservation (TRCA).

"Headwater from the purchased property is vital to thousands of rainbow trout raised from the hatchery at Glen Haffy each year," said Regional Councillor Paterak, chair of the greenlands securement subcommittee.

"Protecting the headwaters of the Humber River benefits residents in Peel and Toronto who live both upstream and downstream."

The property is important

because it's a headwater source for the Humber River; springs on property feed into rearing ponds in the Glen Haffy fish hatchery. The property will be merged

with Glen Haffy Conservation Area and managed by TRCA.

"TRCA will ensure the natural heritage features and environmental functions on

the property are protected for future generations," said Brian Denney, TRCA's CAO. "Uniting the Boyer Property with the Glen Haffy Conservation Area will increase uninterrupted forest coverage and further buffer the interior habitat within the conservation area."

"The majority of the property contains natural heritage features like a Regionally significant woodlot that provides wildlife habitat and supports the Region of Peel Greenlands System," said Nick Tunnacliffe, Peels' executive director of environment, transportation and planning. "The property is an excellent recipient for Regional funding through the Region of Peel

Greenlands Securement Project."

The Greenlands Securement Project financially assists CVA, TRCA and the Oak Ridges Moraine Land Trust to protect, preserve and enhance the Region's key natural heritage features. Funds are used for conservation easements, land donations and purchases. The Region also supports the securement of key natural heritage features and areas through land use planning policy, stewardship and education, and monitoring programs.

Details of the Greenlands Securement Project can be found at [www.peelregion.ca/planning/greenlands](http://www.peelregion.ca/planning/greenlands).

## King's College hosts Salvatore Gambino in concert

King's College School hosts the second in the Palgrave Magnificent Music Concert series Sunday, Dec. 9 at 7 p.m. Begin the holiday season with an evening of song with tenor, Salvatore Gambino.

Gambino is a very talented tenor in his final year of a Bachelor's degree in Music Performance at the Glenn Gould School of the Royal Conservatory of music in Toronto. He also performs with the acclaimed Canadian Trio, *The Three Young Tenors*. Salvatore studies vocal music quite simply because he loves to sing. Singing is his life and his vision.

Salvatore and his accompanist will provide an evening which will start with traditional folksongs from Napoli, then move into favorite pieces from the world stage. After a brief intermission Salvatore whisks the audience into the magical world of musical theatre with selections from Guys and Dolls, Phantom of the Opera, West Side Story and the Three Penny Opera before finishing with a collection of songs from Frank Sinatra including some beloved holiday favorites.

Tickets can be obtained in advance by calling King's College School at 905-880-7645 or at the door. They're located at 16379 The Gore Road, Palgrave. Tickets are \$25 for adults, \$15 for students.
